

## ***EUCCHARISTIC LINENS WORKSHOP***

The beautiful art of working with needle and thread is a time-honoured tradition and is still needed and cherished in the church today. It is a meditative and enjoyable process that can be done from anywhere and makes both a useful and priceless gift to your parish.

Come and join us on **Saturday, November 16th from 9am - noon** to learn how to make Eucharistic linens for the altar. In this 3-hour workshop you will make a purificator (the linen used to clean the chalice during the Eucharist). Skills covered will include: preparing the fabric, sewing mitred corners by hand, drawn-thread and other hemstitching techniques, chainstitch embroidery and more. These can then be used to make other Eucharistic linens such as corporals, palls, or even larger altar cloths.

**Cost is \$20 per person**, and includes all materials except small embroidery scissors - please bring your own. **To register, please contact the office at St. Andrews 604-534-6514 or email [standrewslangley@shaw.ca](mailto:standrewslangley@shaw.ca)**
